1. POLICY STATEMENT

The Anglican Diocese of Newcastle sees as a central part of the Church’s mission: “To proclaim the Good News of the Kingdom”. As part of that Good News, we believe that Jesus Christ calls into his church all kinds of people – some who are vulnerable and also some whose brokenness has involved them causing sexual harm to others.

We firmly believe that the Church, as a part of God’s Kingdom, is a place where people should be safe, nurtured, and protected from violence and any kind of harm.

This policy aims to create an environment where children, young people and vulnerable adults can participate with confidence in all church activities. To protect them we are committed to ensuring that persons who have been charged with or convicted of serious sexual misconduct who seek to worship with us will be carefully monitored and managed.

Management will include meeting and making a written agreement with the person who has been charged with or convicted of serious sexual misconduct, to ensure that they are clearly aware of the limitations that will need to be placed on them. These limitations will be to protect them and others from being in situations where trust could be betrayed and abuse re-occur. Management will be a shared task between clergy, a small group of trusted members of the parish and the Director of Professional Standards.

While always remaining vigilant and alert to danger, we seek to be aware of what God is doing to change and renew those who have offended, and what part we are called to play in this.

The Anglican Diocese of Newcastle is committed to the physical, emotional, spiritual welfare and safety of children, young people and vulnerable adults who participate in the activities and programs offered in parishes. Each Parish will:

- Ensure that clergy and church workers are trained in child protection matters and are provided with information that assists with understanding sexuality and sexual deviation as specified in the Safe Ministry Practice Protocols.

- Adopt the identified Safe Ministry Practice Protocols which are to be undertaken by the parish clergy and church workers.

- Respond promptly to each concern raised about the behaviour of its clergy and church workers and report to Director of Professional Standards.
2. PURPOSE

This Policy is underpinned by the Five Marks of Mission:

- To proclaim the Good News of the Kingdom
- To teach, baptise and nurture new believers
- To respond to human need by loving service
- To seek to transform unjust structures of society, to challenge violence of every kind and to pursue peace and reconciliation
- To strive to safeguard the integrity of creation and sustain and renew the life of the earth

This Policy focuses on the protection of people within a Worshipping Community where a person who has been charged with or convicted of serious sexual misconduct worships. It draws on advice from the Children's Guardian NSW which includes recognition that "Good child safe policies and practices are the best way to reduce potential environmental risks and keep children safe in these environments. The child safe approach includes education, supervision of both paid and unpaid staff about appropriate acceptable behaviours." This Policy:

1) Sets out the principles which inform the requirements for such protection.
2) Establishes the Safe Ministry Practices.
3) Provides the details of the Worship Agreement into which the parish and the person who has committed, or has been charged with, a sexual offence are required to enter.

3. PRINCIPLES

God's forgiveness and grace is recognised and celebrated, and it is affirmed that all people are loved by God and are called into relationship with God and God's people.

God identified classes of vulnerable people who were to be protected and given special care and treatment in society because of their powerlessness (eg Ex 22:21-22, Duet 10:17-19, Jer 22:2-4, James 1:27).

Those who are abused by another person's sinful or criminal behaviour must remain in the centre of all our thinking and actions.

The [Parish] has a primary responsibility to provide an environment where children, young people and vulnerable adults, members of the Parish and visitors are safe and protected from harm.

Vigilance is required in providing a safe sanctuary and support for a person who has been charged with or convicted of serious sexual misconduct. A Parish is ultimately concerned with the protection of children, young people and vulnerable adults and this will not be overshadowed or replaced by concern for those who have offended.
4. DEFINITIONS

"Serious sexual misconduct" means sexual offences which would result in a person not being granted clearance to work with children in the state of NSW in accordance with the Child Protection (Working with children) Act 2012 and sexual conduct against a person under the age of consent before a Board or Tribunal such as the Professional Standards Board.

5. SAFE MINISTRY PRACTICES

1. A notification to a parish Priest could come from one of the following:
   a. Self-Referral
   b. Director Professional Standards
   c. Samaritans Chaplain (Corrections)
   d. Parole officer

2. Upon receiving notification, the Parish Priest will establish a small team to assist in the pastoral supervision and support of the person who has been convicted of a sexual offence, or the subject of a negative finding by a board or tribunal of sexual misconduct involving a person under the age of consent. This team, known as the Support and Accountability Team, is to ensure that the person who has been charged with or convicted of serious sexual misconduct is:
   a. protected from those who may oppose them participating in practices of the Christian faith;
   b. compliant with the restrictions outlined in the Worship Agreement; and
   c. compliant with parole and reporting conditions while attending Parish / Church activities.

   It is important for the Support and Accountability Team try and discern what God is doing in the life of this person and what the role of the parish could be. Membership of the Support and Accountability Team must be approved by the Director of Professional Standards whose determination will be final.

3. The Parish Priest and the Support and Accountability Team will meet with the person who has been charged with or convicted of serious sexual misconduct, and agree to a level of support. The level of support and accountability must be approved by the Director of Professional Standards. This ensures the necessary preparations have been made and that procedures and guidelines are in place to ensure that no person is at risk of abuse. This will vary according to the seriousness of prior or alleged offences, but could include:
   a. to only attend specified worship services and other authorised activities;
   b. to sit apart from children, young people and designated adults at specified worship services and other authorised activities;
   c. to stay away from areas of the parish property where children, young people and designated adults meet;
   d. to decline offers of hospitality where children, young people and designated adults will be gathered;
e. to never be alone with children, young people and designated adults in specified worship services and other authorised activities;
f. to never work with children, young people and designated adults in authorised activities;
g. to not be part of a parish activity that includes children, young people and designated adults;
h. to not attend any parish activity or camp where children, young people and designated adults may be present, and which requires participants to stay overnight;
i. to not accept nomination for election to any leadership role in the parish;
j. to meet regularly with Support and Accountability Team; and
k. if a member of the clergy, to not wear any clerical clothing or accessory and not to use a title used by clergy.

4. The Parish Priest and the Support and Accountability Team participate in ongoing education concerning the supervision and pastoral care of people who have been charged with or convicted of serious sexual misconduct, and agree with the Director of Professional Standards to a level of support. Training is to cover:
   a. overview of the criminal justice system in relation to sexual abuse;
   b. understanding sexuality and sexual deviation;
   c. sexual abuse from victim, abuser and community perspectives;
   d. the needs of sexual abusers and their supporters;
   e. risk factors and relapse prevention strategies;
   f. group dynamics and the functions of the Support and Accountability Team; and
   g. self-care of the members of the team.

5. Where a person who has been charged with or convicted of serious sexual misconduct, is participating in parish life the agreement reached with the Parish Priest and Support and Accountability Team will be recorded in a Worship Agreement which must be approved by the Director of Professional Standards. The Worship Agreement aims to create a safe environment and minimises the risk of re-offending. The Worship Agreement is required to be:
   a. finalised prior to a person who has been charged with or convicted of serious sexual misconduct, attending or continuing to attend the Parish;
   b. signed by the Parish Priest, the person who has been charged with or convicted of serious sexual misconduct, attending the Parish, and the Director of Professional Standards; and
   c. specific to the person who has been charged with or convicted of serious sexual misconduct;
   d. It is anticipated that the conditions contained in the Worshipping Agreement will vary according to the seriousness of the offence and the length of time since the offence occurred. There may be rare occasions when the parish priest, with the approval of the Director of Professional Standards, chooses not to appoint a support and accountability team. In such situations the
parish priest will be accepting full responsibility for the supervision of the parishioner during the time of the agreement.

If the Worshipping Agreement is breached, or a child or vulnerable person is considered to be at risk, the Parish Priest must act to ensure the safety of people in the church and notify the Director of Professional Standards immediately.

If sexual abuse has occurred, the Police must be advised.

Where a person who has been charged with or convicted of serious sexual misconduct refuses to enter into the Worship Agreement the Bishop may on the advice of the Director of Professional Standards issue directions to the Parish Priest and Parish Council to ensure the safety of people participating church activities.

The Diocese of Newcastle recognises the work of the Anglican Diocese of Perth in the formulation of the Policy.

6. SAFETY POLICY

This policy is a safety policy issued in accordance with Part Ten of the Administration of Parishes Ordinance 2010 and is binding on clergy and parish councils.
